CS3230 Lecture 1

"Algorithms & Motivation"

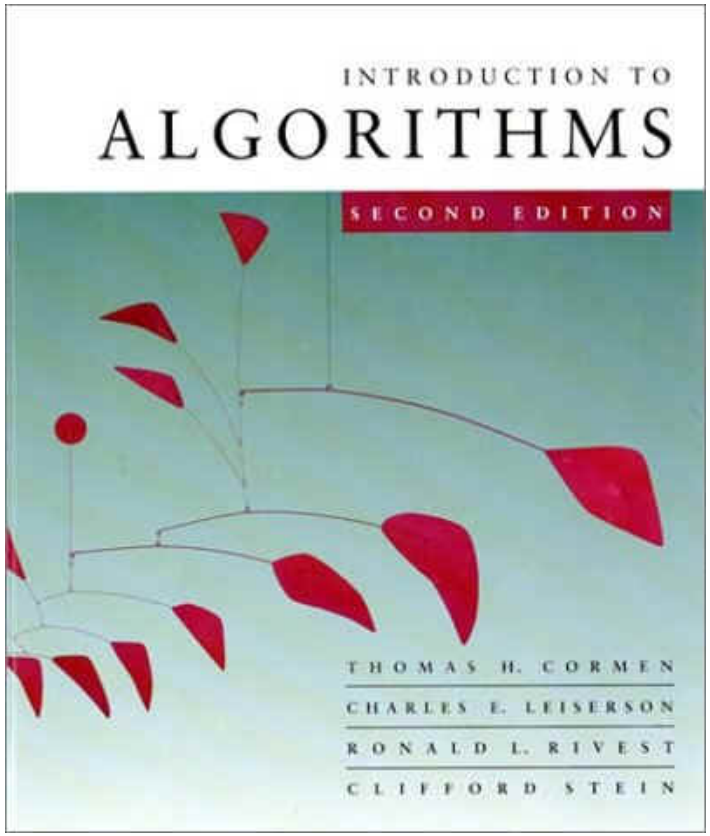
- **Lecture Topics and Readings**
  - **Algorithms is Cool** [CLRS]-C1
  - **Stable Marriage Problem** [KT06]-C1
  - **Some Sample Problems** [KT06]-C1

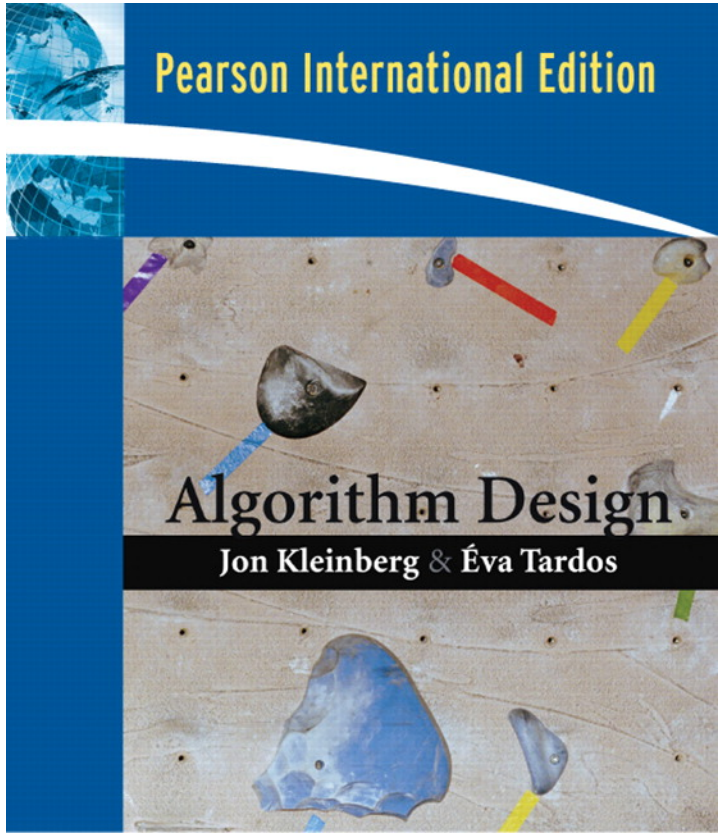
- **Assignment:** HW1 – Due: Fri, 25-Jan (< 12nn)

Algorithms is Cool,
Stable Marriage is "easy" with algorithm

© Leong Hon Wai, 2003--

[CLRS] and [KT06]





Two good books on
algorithm design and analysis.

© Leong Hon Wai, 2003--

[CP13]

Good book on
competitive programming.
By our very own
Steven Halim and Felix Halim

© Leong Hon Wai, 2003--

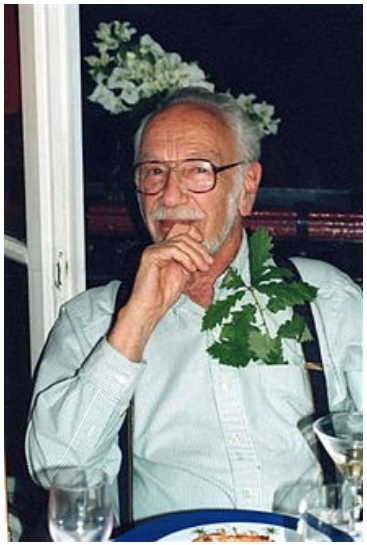
Stable Marriage → Nobel Prize

Put theory into practice; implemented, tested, deploy

Developed theory & algorithm (Gale-Shapley algorithm)

Alvin E. Roth

Lloyd S. Shapley



David Gale

Alvin Roth & Lloyd Shapley
(Nobel Prize, Economics, 2012)
